The age of consent is the age below which a minor is considered to be legally incompetent to consent to sexual acts. Consequently, an adult who engages in sexual activity with a minor younger than the age of consent cannot claim that the sexual activity was consensual, and such sexual activity may be considered statutory rape. The person below the minimum age is regarded as the victim and their ...

Age of consent - Wikipedia

If something stands out in a very obvious way, it can be called salient. It's time to find new friends if the differences between you and your current friends are becoming more and more salient.

salient - Dictionary Definition : Vocabulary.com

Dysmetria (English: wrong length) is a lack of coordination of movement typified by the undershoot or overshoot of intended position with the hand, arm, leg, or eye. It is a type of ataxia. It can also include an inability to judge distance or scale. Hypermetria and hypometria are, respectively, overshooting and undershooting the intended position.

Here is the text of Newsweek's 1975 story on the trend toward global cooling. It may look foolish today, but in fact world temperatures had been falling since about 1940. It was around 1979 that they reversed direction and resumed the general rise that had begun in the 1880s, bringing us today back to around 1940 levels.
