### Amazon.in: schaum series: Books

A good book of functional analysis. ... Shakarchi series of books have been great thus far. One thing that I enjoy, at least with their Real Analysis book is that it is not as "clean" as some of the other texts that have been around for so long and therefore forces some extra thinking on the part of the reader.

### A good book of functional analysis - MathOverflow

Schaum's Outline Series New York Chicago San Francisco Lisbon ... for the longevity of Professor Spiegel's advanced calculus. His collection of solved and unsolved problems ... Advanced calculus is not a single theory. However, the various sub-theories, including vector analysis, infinite series, and special functions, have in common a ...

**TheoryandProblemsof STATISTICS - Boğaziçiliden Özel Ders**

functional analysis is the study of Banach spaces and bounded linear operators between them, and this is the viewpoint taken in the present manuscript. This area of mathematics has both an intrinsic beauty, which we hope to convey to the reader, and a vast number of applications in many fields of mathematics.
