I like playing video games as well, but I also enjoy reading. I think you would really enjoy Future Noir is your interested what was behind the making of the movie. I would also recommend DADoES but be warned, it has very little resemblance to the movie in my opinion. The themes are there but the story is quite different.

Future Noir: Making of Blade Runner : bladerunner

Autodesk's new book, The Future of Making, explores how emerging technologies and new ways of designing are transforming what we make, how we make things, and who does the making. When we combine sensing, computing, and physical expression with new materials—and help equip communities to make things they are passionate about—magic happens.
