The Harbour School (THS) is an international school on Hong Kong Island that recognizes the diversity of children and specializes in customized learning

The Harbour School (THS) Hong Kong Island

Many cattle management operations occur by manual visual inspection of cattle in feedlots and grazing situations. Automation of animal measurements, like condition scoring, that integrates with existing cattle management routines, would enable enhanced management potentially on an individual animal level.

University of Southern Queensland

"With additional funding as outlined in the governor's proposal, the CSU can maintain the positive trajectory of student achievement through Graduation Initiative 2025 and provide even more opportunities for students," says Chancellor White.

CELLS alive!

The secondary science program is guided by the vision that all students have the opportunity to develop scientific literacy. The goal of scientific literacy is to develop the science-related

knowledge, skills and attitudes that students need to solve problems and make decisions, and at the same time help them become lifelong learners - maintaining their sense of wonder about the world around them.
