### **Exceptional Ruby Master The Art**

Exceptional Ruby is an in-depth guide to exceptions and failure handling in Ruby. Over 100 pages of content and dozens of working examples cover everything from the mechanics of how exceptions work to how to design a robust failure management architecture for your app or library.

### **Exceptional Ruby: Master the art of handling failure in Ruby**

I had been expecting more of what was in the last section, which is higher-level exception handling strategy, vs a lot of detail into all the weird things you could do to mess with how Ruby exception throwing works--interesting to learn, but not as directly useful imo.
