Four Arguments for the Elimination of Television - Wikipedia

By George Karras. The book Four Arguments for the Elimination of Television (1977) by Jerry Mander presents a compelling position that there are a number of problems with the medium of television. Its author argues that many of the problems with television are inherent in the medium and technology itself, and thus cannot be reformed.

Four Arguments for the Elimination of Television

What binds the four arguments together is that they deal with aspects of television that are not reformable. What is revealed in the end is that there is ideology in the technology itself. To speak of television as "neutral" and therefore subject to change is as absurd as speaking of the reform of a technology such as guns.

Excerpted from Four Arguments for the Elimination of ...

Don't get me wrong: sarcastic headline aside, I'm not in favor of the exploitation of children. However, I feel moved to speak against a recent push, I guess led by Hugh Sinclair, to insert a ban on child labor into the lending policies of microfinance institutions (MFIs), microfinance investors, and such accrediting programs as the Smart Campaign and the Seal of Excellence.
