Freefall is a must-read for anyone seeking to understand the roots of the financial crisis. Stiglitz brilliantly analyzes the economic reasons behind the banking collapse, but he goes much further, digging down to the wrongheaded national faith in the power of free markets to regulate themselves and provide wealth for all."

A Nobel prize winner challenges us to throw off the free market fundamentalists and reclaim our economy. We all have the sense that the American economy—and its government—tilts toward big business, but as Joseph E. Stiglitz explains in his new book, *People, Power, and Profits*, the situation is dire. A few corporations have come to dominate entire sectors of the economy, contributing to ...
