Community Reviews. Finding Sky takes your typical new girl moving to a small town and falling for the hot guy with a mysterious family to a whole new level. The idea of savants is very unique and kind of has an X-men theme to it. I like that Sky and Zed are pretty much complete opposites but they make up one whole.

Finding Sky (Benedicts #1) : chap 21 I came down to the kitchen wearing clothes much too big for me, jeans and shirt sleeves rolled up, a pair of Zed's woolly socks on my feet instead of slippers. Sky was too innocent and childish for my taste to come across as a touch and admirable heroine. Every single of her conversations with other people and her parents felt like that, too, like explaining a little kid what it has to do. What I liked about FINDING SKY are the different paranormal talents Sky, Zed and his family have.
