By following the same structure as the companion text, this book of exercises and solutions tests
your knowledge of Strategic Financial Management. It also develops a number of theoretical
concepts outlined in the companion text as a guide to further study. All the exercises and their
solutions are easy to follow.

Strategic Financial Management: Exercises - bookboon.com

This case presents four exercises designed to introduce students to applications of option pricing
and decision-tree analysis to real corporate investment problems. Two of the four problems involve
decision trees and two involve option pricing. Students should be familiar with basic option pricing
theory (Black-Scholes and/or the Binomial Model) before being assigned these exercises.
