As learners navigate increasingly complex information wilds and explore new forms of creation, libraries are discussing and supporting a variety of literacies, including data, invention, health, information, media, visual, and digital literacies.

LOEX Annual Conference - Breakout Sessions

Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.

Project-based learning - Wikipedia

To become successful readers and writers, all children need strong foundations in oral language and literacy. Through this track, led by Erikson's Language and Literacy Partners (formerly New Schools Project), you will deepen your understanding of these critical skills while gaining practical knowledge and abilities to improve teaching and learning in your classroom.
