Facing East from Indian Country: A Native History of Early ...

In United States history, there is a trend—a master narrative—of how our story is told. In Facing East from Indian Country, historian Daniel Richter flips that narrative on its head. Richter presents the idea of directional orientation, claiming that traditional American history is told with a westward perspective.

Facing East from Indian Country: A Native History of Early ...

In Facing East from Indian Country, Daniel K. Richter keeps Native people center-stage throughout the story of the origins of the United States. Viewed from Indian country, the sixteenth century was an era in which Native people discovered Europeans and struggled to make sense of a new world.

Facing East from Indian Country: A Native History of Early ...

In the beginning, North America was Indian country, but Native Americans soon yielded to the westward rush of European settlers. Or so the story usually goes. In Facing East from Indian Country, Daniel K. Richter keeps Native people center-stage throughout the story of the origins of the United States.

Facing East from Indian Country — Daniel K. Richter ...

Facing East from Indian Country takes the reader from the initial moments of contact between Europeans and Native Americans in the sixteenth century through the opening decades of the nineteenth century. To get at what colonization meant from the perspective of Native peoples who did not leave extensive (if any) documentation of their views ...

Facing East from Indian Country: A Native History of Early ...

I received my review copy of Daniel K. Richter's recent book, Facing East from Indian Country: A Native History of Early America, at that point late in the semester when textbook publishers had begun bombarding me with the latest editions of their books and other supplementary materials for the United States history survey course. Though the ...

Or so the story usually goes. Yet, for three centuries after Columbus, Native people controlled most of eastern North America and profoundly shaped its destiny. In Facing East from Indian Country, Daniel K. Richter keeps Native people centre-stage throughout the story of the origins of the United

States. TABLE OF CONTENTS

Summary/Reviews: Facing East from Indian country

Daniel K. Richter is an American historian specializing in early American history, especially colonial North America and Native American history before 1800. He serves as Roy F. and Jeannette P. Nichols Professor of American History at the University of Pennsylvania and is the Richard S. Dunn Director of the McNeil Center for Early American Studies. His book, Facing East from Indian Country was ...

Daniel K. Richter - Wikipedia

Facing East fills a noticeable gap in the current historiography by offering a synthesized account of Native American history from a decidedly Native American perspective. Facing East is a literal attempt to face east and imagine how Indians experienced the forces of colonialization as European microbes, trade goods, peoples, and ideologies advanced westward.

Project MUSE - Facing East from Indian Country: A Native ...

Facing East is not an exhaustive study of Indian America. Indians living west of the Mississippi River receive little attention, and other Indian groups, especially those in the South, receive less attention than those in New England and New York.
