### **Solve a Quadratic Equation by Factoring - WebMath**

Math Projects. These projects help students develop an appreciation for how math is used to represent and solve problems in real-life situations.

### **Mathwire.com | Math Enrichment**

Mathematics arises from many different kinds of problems. At first these were found in commerce, land measurement, architecture and later astronomy; today, all sciences suggest problems studied by mathematicians, and many problems arise within mathematics itself. For example, the physicist Richard Feynman invented the path integral formulation of quantum mechanics using a combination of ...
