Found in Translation: How Language Shapes Our Lives and ...

Found in Translation is a program which helps low-income and homeless multilingual women to become professional medical interpreters.

Found in Translation

At Found in Translation, we understand that overcoming homelessness and poverty is never as simple as earning a certificate. That is why our program includes job skills training to position graduates to succeed in their new careers, and financial literacy education to equip them with the skills to manage their new wages, build assets, and achieve their financial goals.

Language Access Fellowship - Found in Translation

What I initially found most fascinating about this model was the state (see figure above). This is the vector (usually only about 200–500 numbers long) produced by the encoder that tries to capture all of the input sentence's meaning. The state is then fed to the decoder, which attempts to translate this meaning into the output language.
