Arnold Schoenberg (1874-1951) was an Austrian composer, later moving to the United States, and was leader of the Second Viennese School. In the 1920s, Schoenberg developed the twelve-tone technique, and his approach, both in terms of harmony and development, is among the major landmarks of twentieth-century musical thought.

Next up is the fundamentals of music composition, and when I get some more money, I'll buy the Structural Functions of Harmony book (I like reading in the subway, so it's physical copies for me, haha). I've been mainly getting interested in serious composition lately, and I'm trying to avoid the whole melody/chord symbol thing.
